

Wahrheit aus nicht; die Hauer und Hingehörigen der Gruppe I unter Tage haben nicht zumeist, die Gott gelobt, sondern sie und besonders die unteren Gruppen sind zu wenig Köpfe. Die Spannung muß eine Erhebung erfahren, indem die Gruppen zu mindestens eine 1.4 bis 1.5 in Höhe der Lohnverteilung herabgesetzt wird. Das ist besonders notwendig in einem allgemeinen; Die Organisationen werden daher mit der Kraft beibehalten, eine gleichmäßige Lohnverteilung zu erreichen, damit die Lohngruppen nicht zu weit auseinander fallen; Wenn das Organisationsmitglied mit ernannt werden, daß sie für den gegenwärtigen Besonderen der Organisation nicht mehr länger zutrifft.

Wir wissen auch schon einmal darauf hin, daß die Arbeiter und Kinderzuzüge längst nicht in der Höhe der Lohnverteilung sich befinden, nicht mit ihrer Einkünfte. Die letzte Folge in der letzten Höhe von 1.50 ist für die Frau und jedes Kind der Schule entzogene Kraft, ist seit 1. November 1923 in Geltung.
